Sire: STRAID BOB (S Jones)

NO Dam: MADOG JAN (R Owen)

VAT FfleI is a somewhat 'sensitive' bitch and will not take to hard handling or treatment!! Also, she has never been introduced to children. The sale will be her first outing! Owing to predicaments such as 'Covid' and personal issues she in fairness has received the minimum of training and would I'm sure could have gone on to trial. She has bred 2 litter of registered pups, well! And trained up to any farm work requirements having good outruns both sides, listens to commands, goes back on command and leaves her sheep when asked, indeed has worked with young store cattle for me, she's not afraid of anything, plenty of stamina and willingness to work, a very useful breeding or working bitch.
